

DENSO

Choose DENSO IAM Injectors - Built for Precision, Trusted for Performance

DENSO IAM Injectors are brand new units, built in our DENSO manufacturing plants with the same genuine parts and technology, delivering original performance to the market.

Packaging DENSO IAM Injectors come in official blue DENSO packaging, guaranteeing brand new, high quality products you can trust.

Correction Value: Provided in the installation manual inside the box and not on the injector, as IAM injectors use standard specifications for the aftermarket.

Quality & Warranty: Backed by DENSO's trusted quality and guaranteed performance.
